

Certificate

Company Armet Bis Sp. z o.o. is a user of the Graffiti.ERP system developed by PC Guard SA.

Graffiti.ERP, a MRPII/ERP class system, is an extensive IT solution supporting the management of a modern enterprise.

Apart from traditional solutions, such as finance & accounting, sales, warehouse management, logistics, production or HR, Graffiti.ERP offers additional functionalities such as a CRM system handling contact with customers, Graffiti Projects handling multi-level team tasks, Graffiti@ application, which grants authorised users online access to selected company resources, and Data Warehouse module.
